- Email editors@bwog.com if you have any questions.
- Have fun! We're so excited to read your application!

About Technical Skills

1. What is your web dev experience and which languages are you familiar with? Have you taken classes? Worked on a personal project? Link anything you feel is relevant.

2. Have you ever worked on a web team for an organization before? If so, link the website and briefly describe your contribution.

3. What is your favorite news website in general? Which specific features do you like?

About Bwog

1. What do you think Bwog is?

2. What is something you like about the Bwog website?

3. What is one idea you have to make it better?

4. Would you be able to commit an average of two hours a week to Bwog website work?

Question on commitment/other student news organizations

1. It is Bwog policy that you **cannot simultaneously be a member of Bwog and another student news organization on campus** (such as Columbia Daily Spectator, The Blue & White, or The Federalist). You *are* allowed, however, to work tech for campus literary magazines and other, non-journalistic organizations. Do you understand that if you are accepted to Bwog and to another publication, you will be expected to only commit to one organization?
