Question on commitment/other student news organizations
1. It is Bwog policy that you cannot simultaneously be a member of Bwog and another student news organization on campus (such as Columbia Daily Spectator, The Blue & White, or The Federalist). You are, however, allowed to work tech for campus literary magazines and other non-journalistic organizations. Do you understand that if you are accepted to Bwog and to another publication, you will be expected to commit to only one organization?
