Question on commitment/other student news organizations

1. It is Bwog policy that you **cannot simultaneously be a member of Bwog and another student news organization on campus** (such as Columbia Daily Spectator, The Blue & White, or The Federalist). You *are* allowed, however, to work tech for campus literary magazines and other, non-journalistic organizations. Do you understand that if you are accepted to Bwog and to another publication, you will be expected to only commit to one organization?
